Public Notice of Application for Permit

Regulatory Branch
CEPOA-CO-R
Post Office Box 6898
Elmendorf AFB, Alaska 99506-0898

PUBLIC NOTICE DATE: August 21, 2006
EXPIRATION DATE: September 20, 2006
REFERENCE NUMBER: POA-1994-107-M
WATERWAY: Keene Channel

*** PUBLIC NOTICE REVISION AND TIME EXTENSION ***

On July 20, 2006, the Alaska District Corps of Engineers published a Public Notice for Department of the Army (DA) permit number POA-1994-107-M, Keene Channel, for an After-The-Fact DA permit application from Mr. Harold Medalen for structures and this work in navigable waters of the U.S. to provide access to property from Keene Channel, and to provide moorage for boats and floatplanes. The project is located within Section 6, T. 61 S., R. 80 E., Copper River Meridian; Latitude 56.6081° N., Longitude 132.9943° W.; Lot 16, Block 1, Keene Channel Subdivision; on Kupreanof Island south of Petersburg, Alaska.

Following issuance of the Public Notice, it was determined that the description of the existing structures was in error. Two parallel strings of boom sticks currently serve as a temporary access pier; the 6-foot wide access pier has not been constructed. A revised As-Built-Drawing, Sheet 4 of 4, is included for clarification, and the proposal is revised as follows: Retain nine (9) and install six (6) additional piles for a total of 15 piles. Construct 400 feet of 6-foot wide access pier; and install a 10-foot wide by 90-foot long floating dock. The existing 30-foot by 80-foot floating dock, 350-foot long temporary access pier, and other in-water structures would be removed.

In addition, a minor error appeared on page 3, line 5 of the Public Notice. The statement should read, "Keene Channel in the vicinity of the proposed project"

Subsequent to issuance of the Public Notice, it was determined that a second float is ~~currently secured to the applicant's steel piling and float, with numerous crab pots stacked upon it.~~ This float does not belong to the applicant, and it is the applicant's intent to ensure that this structure is removed.

The closure date is now extended to September 20, 2006.

All other information contained in the previous notice remains the same. Please bring this announcement to the attention of anyone you know who is or may be interested. You may contact Ms. Robin Leighty at (907) 753-2712, toll free from within Alaska at (800) 478-2712, or by email at robin.l.leighty@poa02.usace.army.mil if further information is desired concerning this notice.
